

British Values at St. Monica's Catholic Primary School

Tolerance of those with different faiths and beliefs

At St. Monica's our approach is based on the understanding that tolerance comes from being informed and wherever possible from developing relationships.

Mr. Coleman, from the Liverpool Jewish Education Centre, came to speak to the children.

Years 5 and 6 wrote letters to the children of King David school in Manchester to find out about going to a Jewish school.

Year 2 children copied a Hebrew text and made their own scrolls.

We value and celebrate the faith traditions of children in school.
